

# Introduction

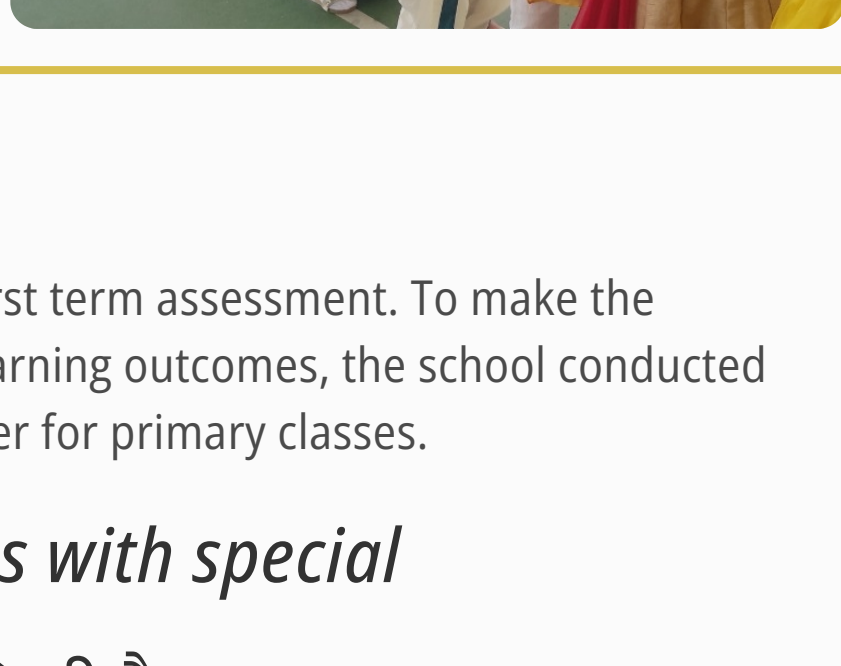

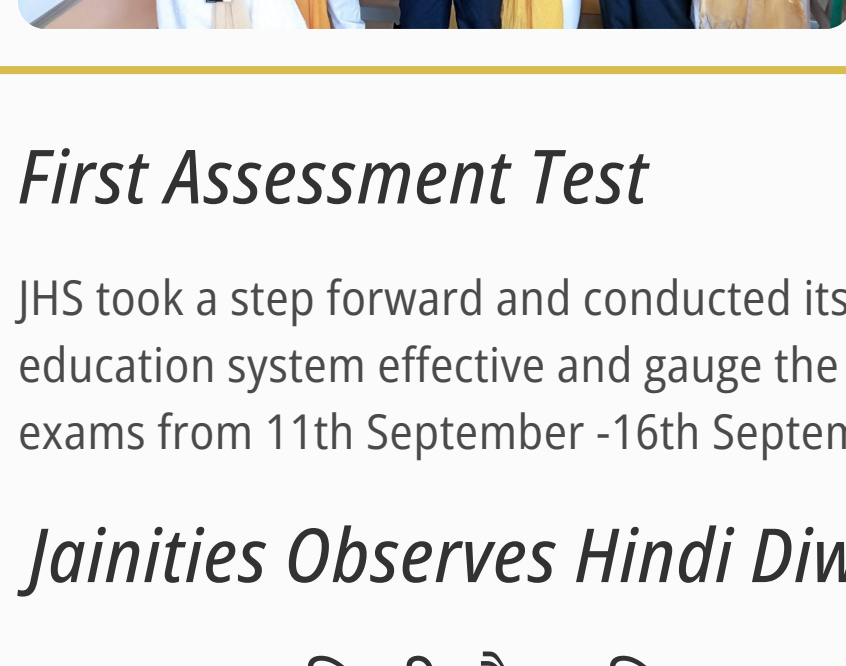

## Latest Happenings & Events at JHS Primary Wing

We had yet another awesome month filled with fun learning activities and lessons!

### Special Assembly: Teachers' Day

A Special Assembly on account of Teacher's Day was organized by Jain Heritage School on 5th September, 2022. The assembly commended the School Prayer, followed by garlanding of the portrait of Dr. S. Radhakrishnan and lighting of the ceremonial lamp by the Principal, Co-coordinators and the teachers.

This was entailed by Thought for the Day and News Headlines. A song on Teachers Day was beautifully sung by students of Primary wing.

### First Assessment Test

JHS took a step forward and conducted its first term assessment. To make the education system effective and gauge the learning outcomes, the school conducted exams from 11th September -16th September for primary classes.

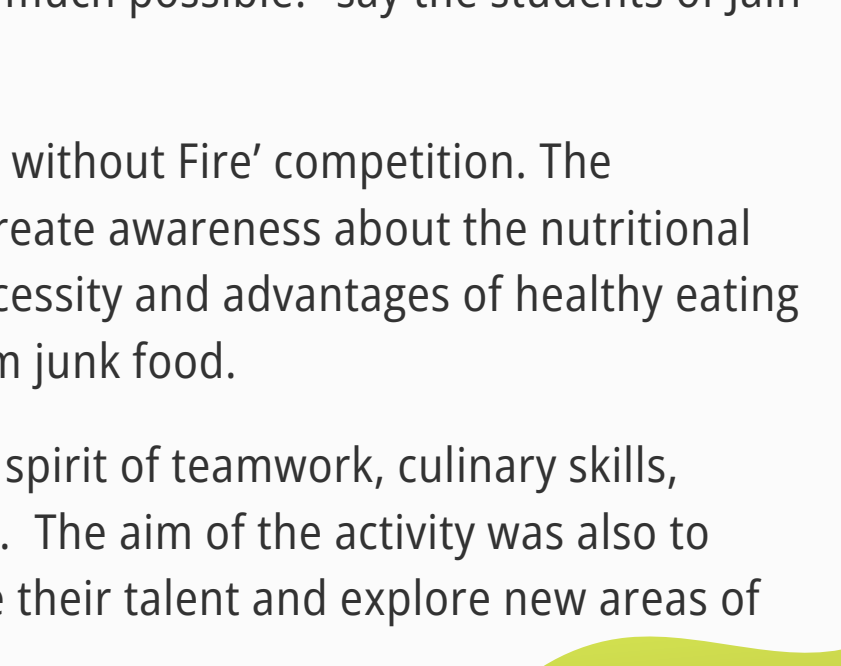

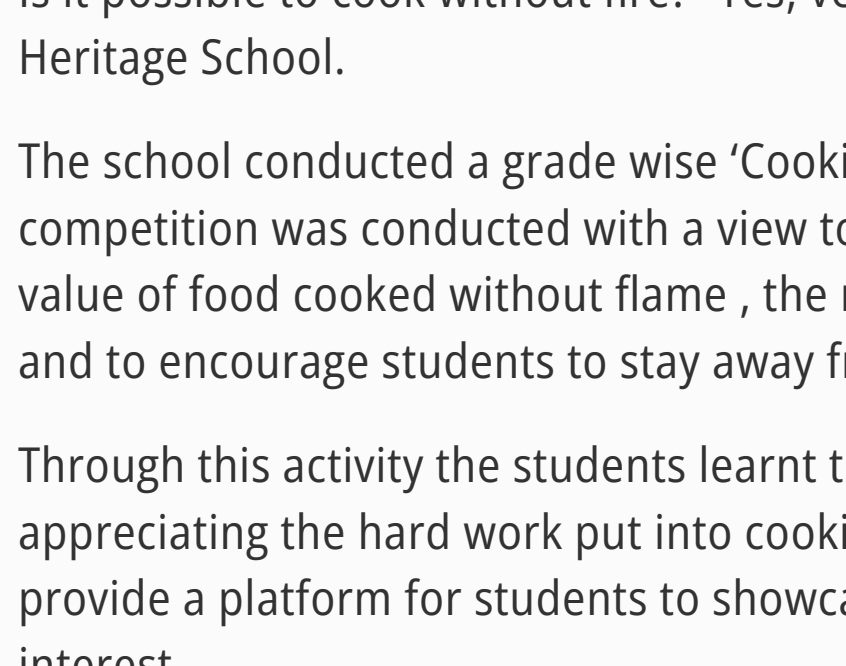

### Jainities Observes Hindi Diwas with special

हिन्दी गौरव हिन्द का , हिन्दी है पहचान !

हिन्दी जोड़े हिन्द को,हिन्दी अपनी शान !!

हिन्दी दिवस की हार्दिक शुभकामनाएं ।।

**Hindi Diwas** is celebrated on 14th September every year in India. A special assembly was conducted by the students of Jain Heritage School to mark the importance of the country's most widely spoken language. The school celebrated the day with a myriad of activities.

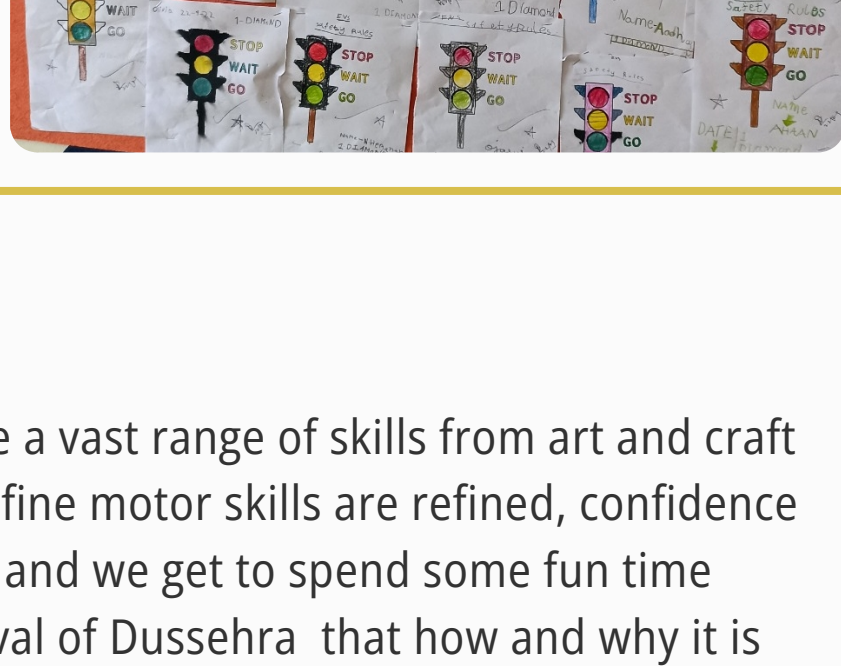

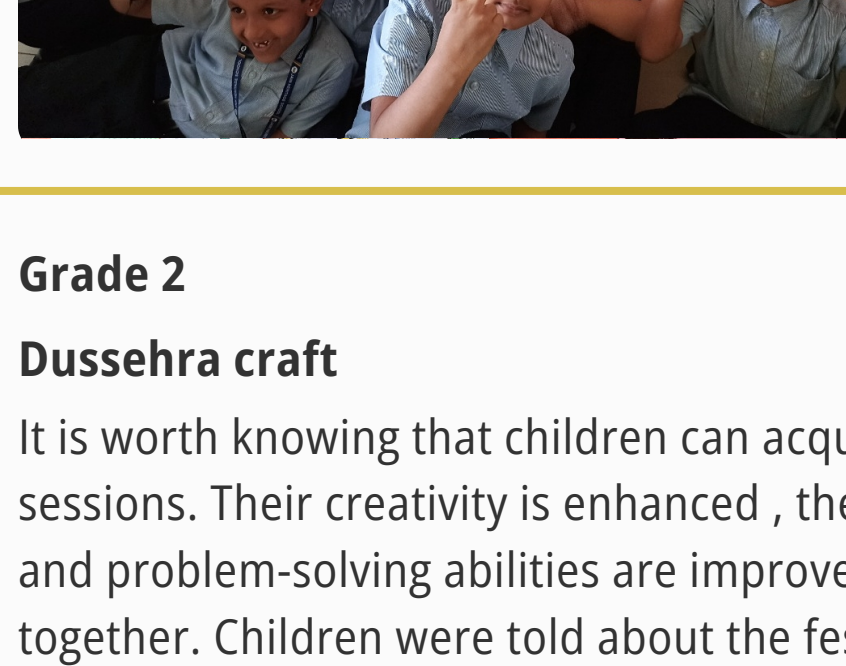

### COOKING WITHOUT FIRE

Is it possible to cook without fire? "Yes, very much possible!" say the students of Jain Heritage School.

The school conducted a grade wise 'Cooking without Fire' competition. The competition was conducted with a view to create awareness about the nutritional value of food cooked without flame , the necessity and advantages of healthy eating and to encourage students to stay away from junk food.

Through this activity the students learnt the spirit of teamwork, culinary skills, appreciating the hard work put into cooking. The aim of the activity was also to provide a platform for students to showcase their talent and explore new areas of interest.

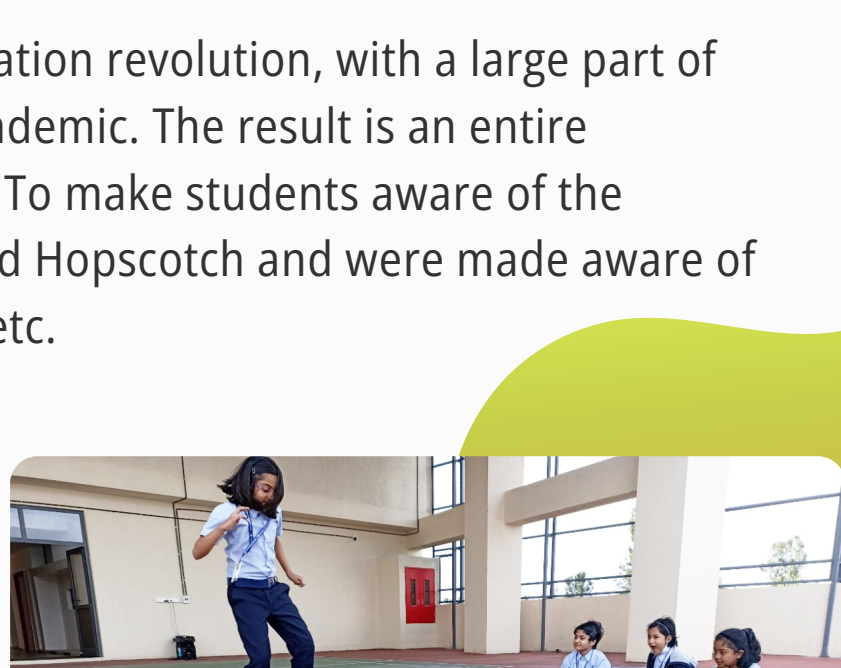

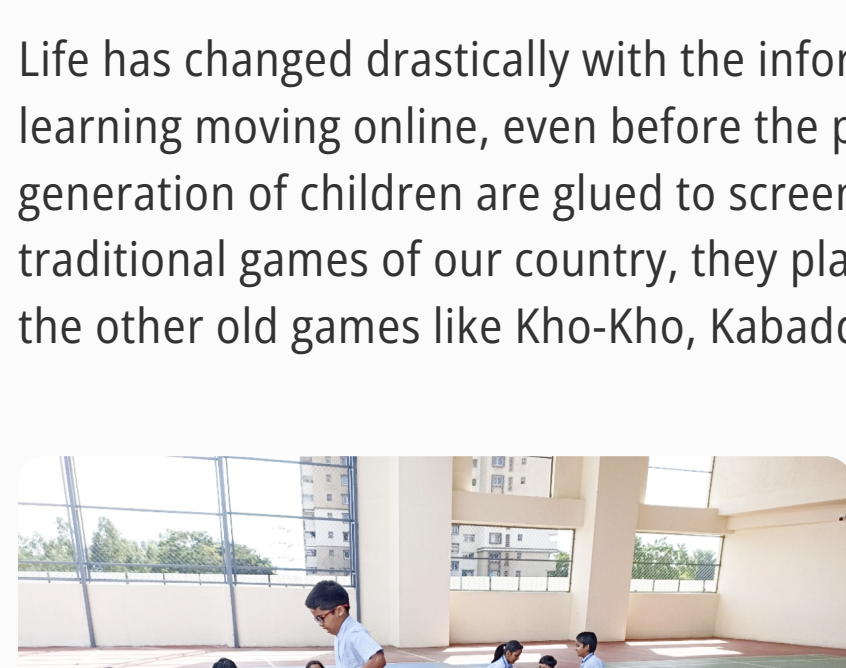

### Class Activities

#### Grade 1

##### Safety Rules

As parents, one of your major worries would naturally be the safety of your child. Right?

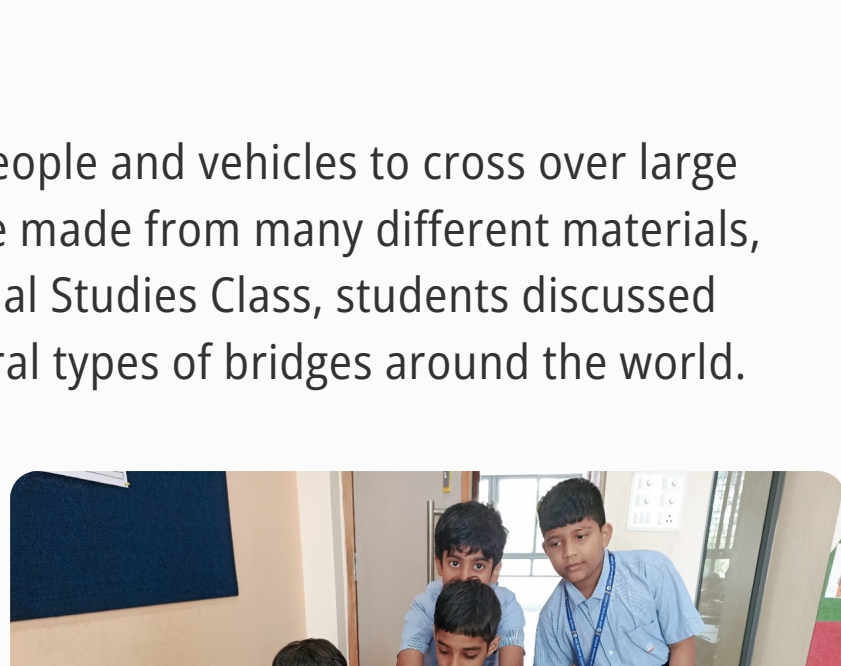

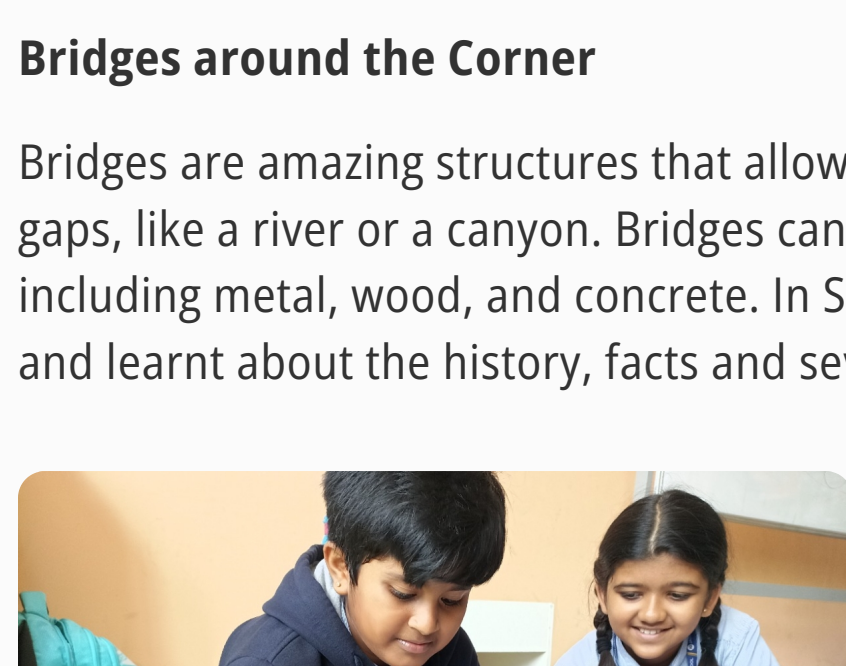

Well, there are various safety rules that a child should know and these rules were taught to kids in the class in a very interesting way with the help of rhyme.

#### Grade 2

##### Dussehra craft

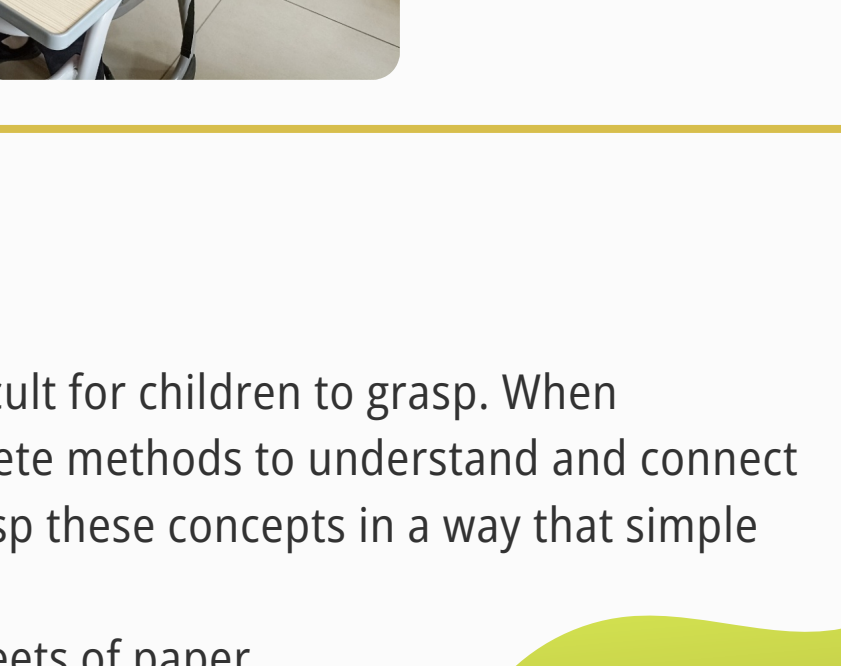

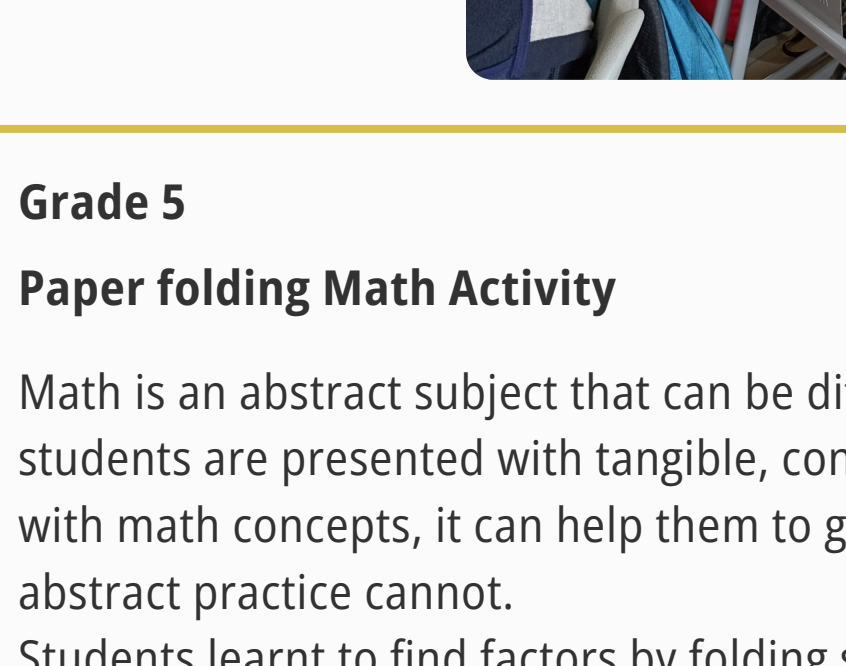

It is worth knowing that children can acquire a vast range of skills from art and craft sessions. Their creativity is enhanced , their fine motor skills are refined, confidence and problem-solving abilities are improved, and we get to spend some fun time together. Children were told about the festival of Dussehra that how and why it is celebrated .They all were full of joy and happiness and were excited to celebrate this festival. Children decorated and made flowers garland.

#### Grade 3

##### Traditional Games of India

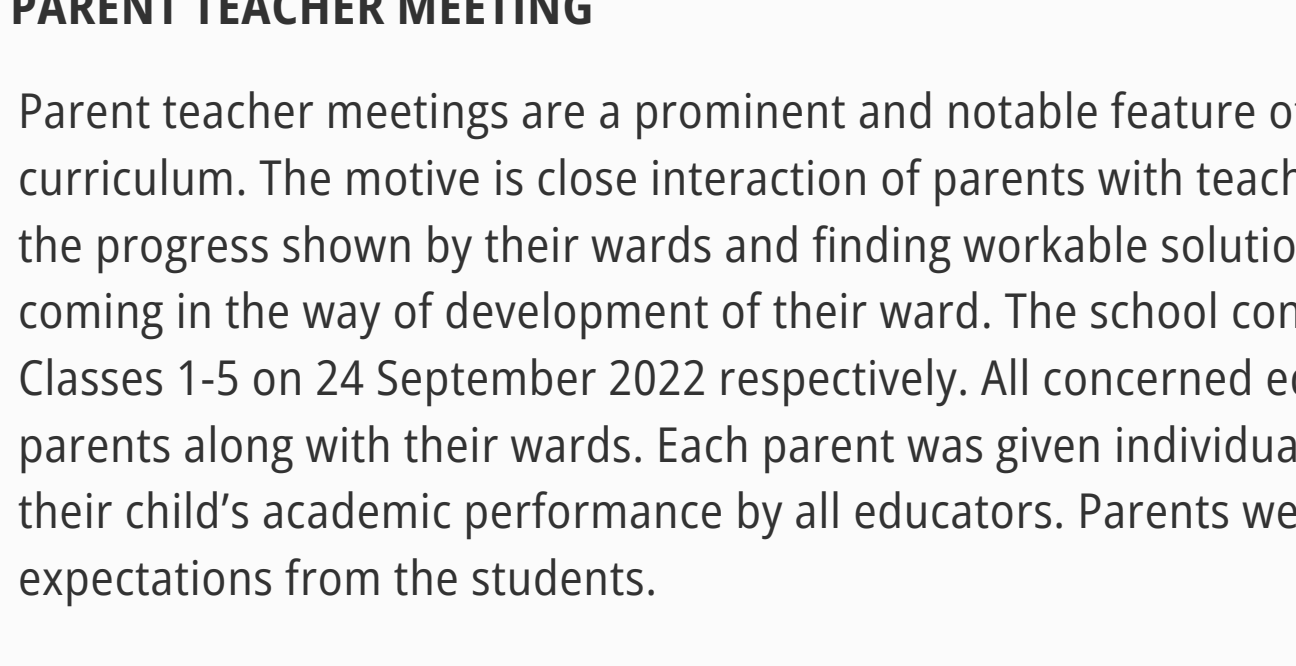

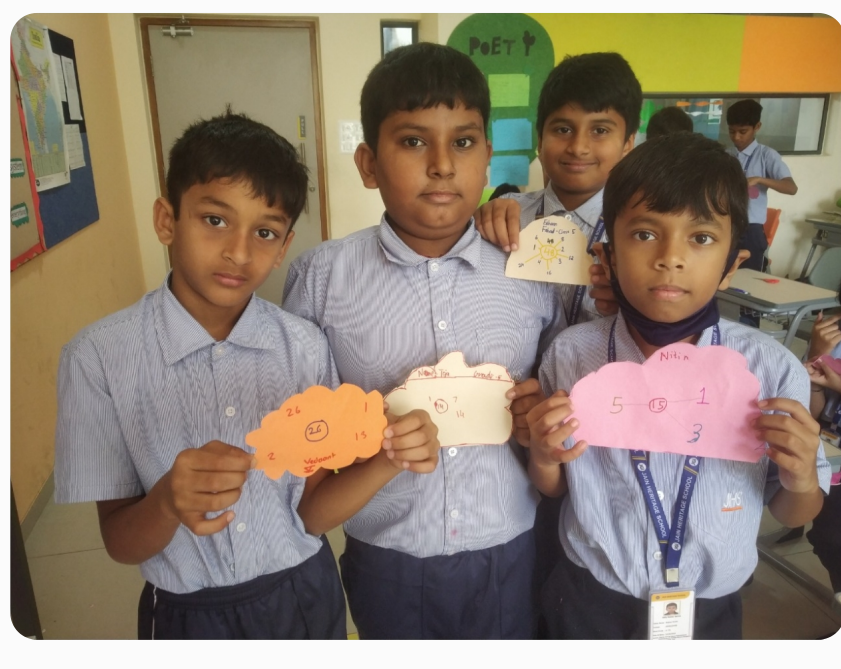

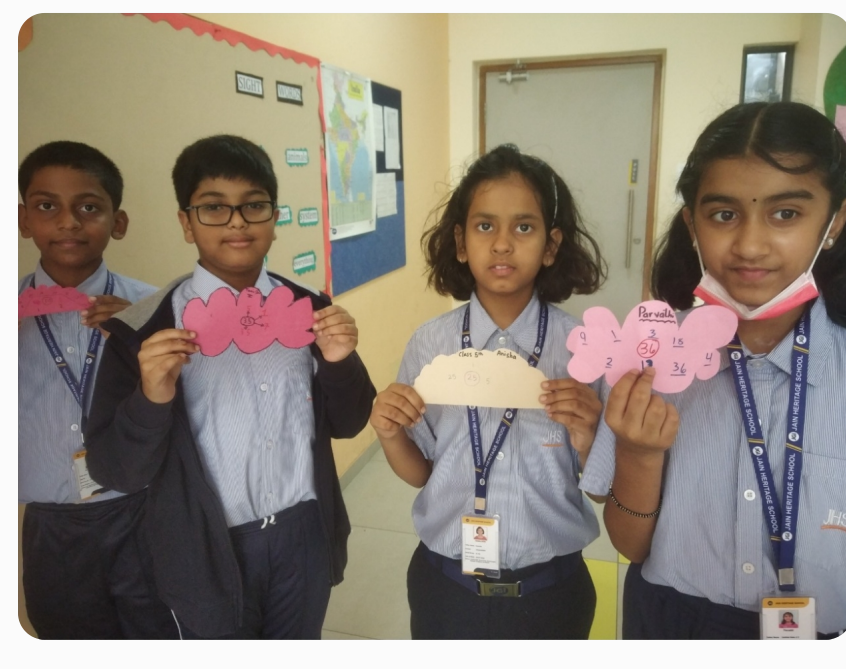

Life has changed drastically with the information revolution, with a large part of learning moving online, even before the pandemic. The result is an entire generation of children are glued to screens. To make the traditional games of our country, they played Hopscotch and were made aware of the other old games like Kho-Kho, Kabaddi,etc.

#### Grade 4

##### Bridges around the Corner

Bridges are amazing structures that allow people and vehicles to cross over large gaps, like a river or a canyon. Bridges can be made from many different materials, including metal, wood, and concrete. In Social Studies Class, students discussed and learnt about the history, facts and several types of bridges around the world.

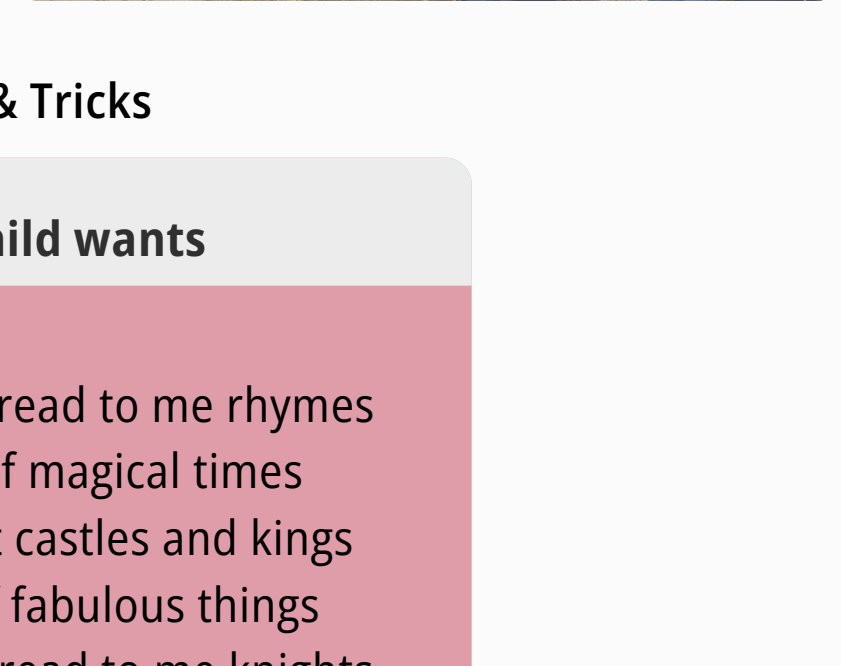

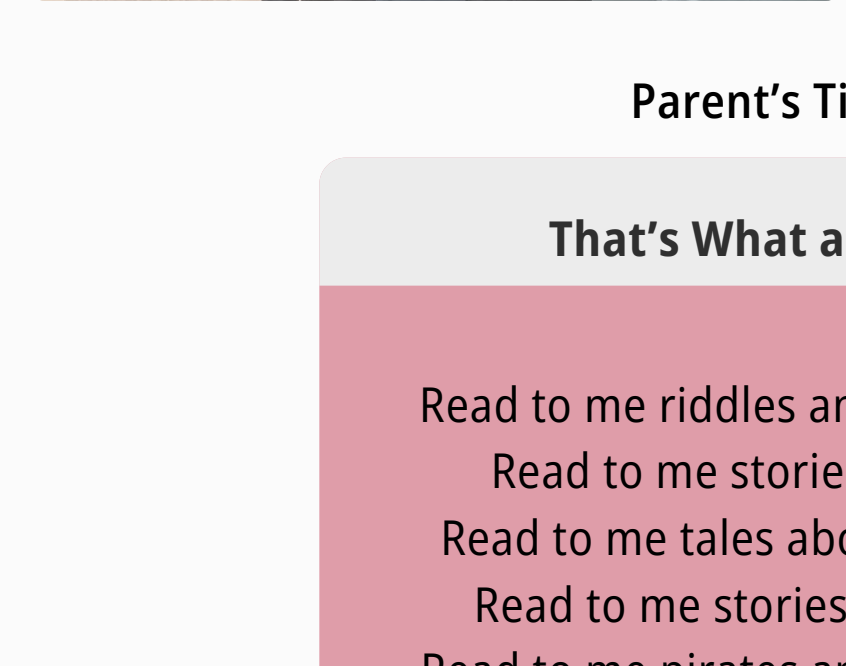

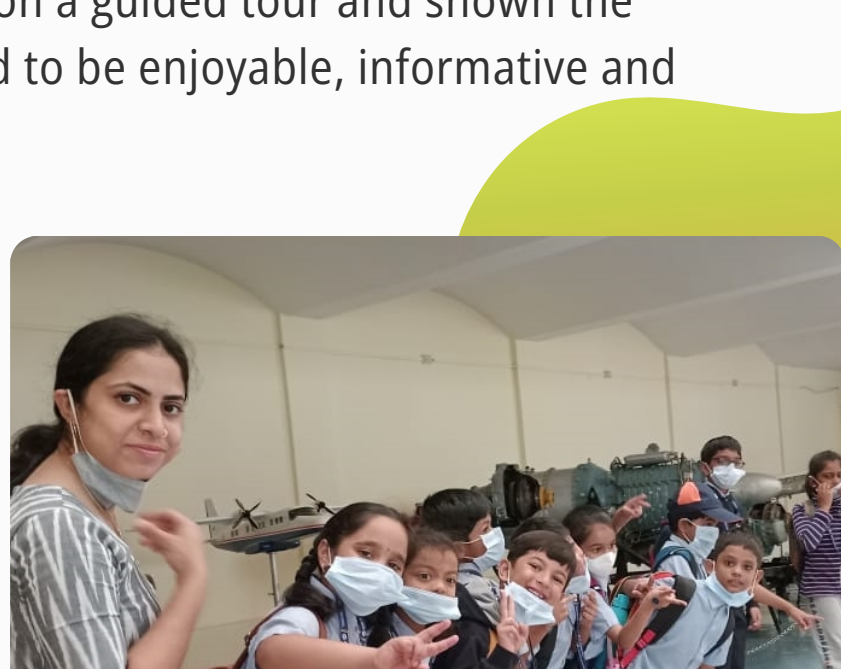

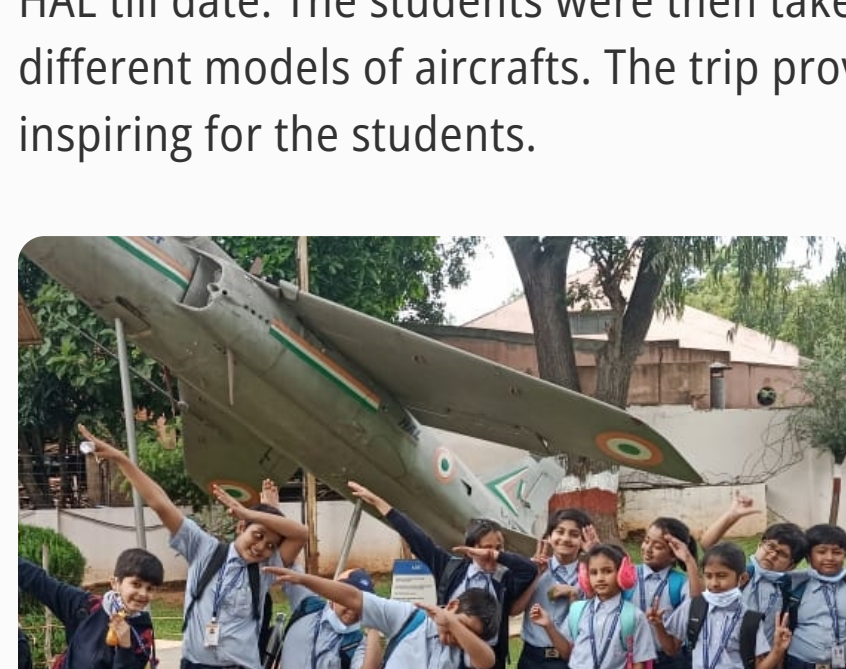

#### Grade 5

##### Paper folding Math Activity

Math is an abstract subject that can be difficult for children to grasp. When students are presented with tangible, concrete methods to understand and connect with math concepts, it can help them to grasp these concepts in a way that simple abstract practice cannot.

Students learnt to find factors by folding sheets of paper.

### PARENT TEACHER MEETING

Parent teacher meetings are a prominent and notable feature of the school curriculum. The motive is close interaction of parents with teachers with regard to the progress shown by their wards and finding workable solutions to the problems coming in the way of development of their ward. The school conducted PTM for Classes 1-5 on 24 September 2022 respectively. All concerned educators met the parents along with their wards. Each parent was given individual feedback about their child's academic performance by all educators. Parents were informed about expectations from the students.

### Parent's Tip & Tricks

#### That's What a child wants

Read to me riddles and read to me rhymes  
Read to me stories of magical times  
Read to me tales about castles and kings  
Read to me stories of fabulous things  
Read to me pirates and read to me knights  
Read to me dragons and dragon-book fights  
Read to me spaceships and cowboys and then  
When you are finished--please read them again.
